

Dear Kindergarten Family,

Welcome to Kindergarten at St. Paul's Lutheran School. I hope you are enjoying the beginning of summer. I am tying up loose ends at school and preparing for a vacation to Cape Cod with my family.

I hope that your child is excited about the approaching school year. Kindergarten is a huge milestone in your child's development. It will be a year of exciting emotional, social, spiritual and academic growth. I am excited to take that journey with your family.

In an effort to relieve some of the anxieties about the "newness" of kindergarten, I invite you and your child to join us for our Kindergarten Get Acquainted Day. This event will be held on **Tuesday, August 22nd from 9-10:00AM** in the kindergarten classroom. During this hour the children will connect with their classmates for the year, familiarize themselves with our classroom, and share something fun from their summer. You will also have the opportunity to ask me any questions that you may have about the beginning of the school year as our Back to School Night does not take place until after Labor Day.

As soon as I have our class email list programmed into google, I will send you an email with a few attachments. One will be a top ten list to kindergarten. It will help you with beginning of the year information. I will also send a copy of our uniform/dress code so you have all summer to prepare.

Enjoy your summer. I'll see you in August.

In His Service,

Mrs. Janet Coons
